

Swivel Coupler (Load Rated)

The CTC-50SCL is a load rated swivel coupler which features captive T-handles and a load rating of 750 kg (1,650 lbs). The CTC-50SCL is field lockable into a fixed coupler at 90 degree increments using two high-strength graded cap screws. The CTC-50SCL also features a heavy duty construction that wraps completely around truss for added stability, security, and long lasting reliability.
